#### Coaches Association Member & Club Benefits

Dear Club Secretary/Chair/Junior Coordinator,

I hope this letter finds you well and rested ahead of the run in to the 2017 season!

You may be aware that we recently re-launched the county coaches association with a successful free conference at the Fischer County Ground, delivered by club coaches Andrew McDonald and Pierre de Bruyn. We are now pleased to be in a position to promote the bespoke 2017 local offer for member coaches, in addition to the already extensive national member benefits (for full details see attached flyers).

The ECBCA provides a range of appealing and innovative resources which impact positively on the Junior and Senior Sections of your club through an increased level of participation and performance. They will also ultimately support the club's reputation within the community.

Member coaches of the local CA receive information on the current thinking and developments in the coaching world, practical coaching ideas and schemes of work, maintain contact with likeminded people, and have access to discounted clothing and resources. Just as important is the comprehensive insurance cover available to coaches on joining the CA, should they ever need it!

Having your clubs coaches as members of the CA brings benefits to the club as outlined, and also from a point of view of safeguarding your players and coaches alike. All members of the ECB CA hold a current DBS as well as a formal ECB recognised coaching qualification.

#### How can you help to support your club?

- Simply promote the benefits of the ECBCA to your club coaches by forwarding the enclosed information / display poster at your club.
- We know that many clubs see the value in their coaches becoming members of the Coaches Association; some provide the membership for the individual coaches (only £30 per annum) as a return for their volunteer work.
